

Regarding K-LOVE radio station and Low Power FM - don't let them take priority over Family Listening such as KLOVE. It's inspirational and serves our family whether at home or in the car. Not many HEALTHY stations in existence any longer. So many of our friends and community members enjoy KLOVE. This is in the interest of the public at large. There are many Evangelicals who listen and enjoy! Takes the stress out of a rough commute on the freeways and you can trust what you hear will be safe for your children to hear!

Thank you so much for your time.
